

Let me introduce myself, my name is Daniel Lilly and I am officially the new Recruiter in Charge for the US Coast Guard at Recruiting Office Richmond. My vision is to expand recruiting efforts across the state of Virginia, reaching more students with the desire to serve. The Coast Guard is the smallest Branch of the six uniformed services, and part of Homeland Security. We currently have 40,000 active duty members and are outnumbered by the NYPD.

That being said I am asking for your assistance to help us, help your students succeed in achieving a rewarding career as well as give them multiple opportunities to pursue higher educations, and gain financial stability. If you are not familiar with the missions of the US Coast Guard, Coast Guard men and women defend our maritime borders and are highly trained to respond to search and rescue, national disasters, and are key players that aid in the restoration of the nation's waterways. During Hurricane Harvey, the Coast Guard aided in rescuing over 11,000 lives, and in the Pacific North West, on average, we save over 200 lives per years. We want your students to be a part of this amazing humanitarian service.

Please reach out to me anytime at 804-640-3392 and I will personally assure each student with any questions get a prompt response along with instructions that guide them through the recruiting process. My office is available for recruiting events in person or virtual. We are a small, extremely selective service, and I am here to find the best applicants for the job. You have my word that I am determined to change our CG footprint in schools across the state of Virginia. If you have any students who are unsure of what they are going to do after they graduate please refer them to me so I can explain how amazing this service is and all the great things we have to offer.
